GREEN DOT AWARDS ANNOUNCES WINNERS OF THE COMPETITION.

**CATALYST ARCHITECTURE** of United States was Awarded Honorable Mention in services Design and Build for the entry titled, "*James Learning Center* ." The jury selected winners from thousands of entries from over 25 countries.

The Green Dot Awards™ strive to reward and promote forward-thinking businesses that create environmentally friendly products or services, and to reward revolutionary green proposals.

Recognizing that human activity is causing dramatic environmental change, we must ensure that we act today to protect tomorrow's environment. Businesses and organizations have become especially aware of the impact that their practices have on the well-being of the planet and many are acting to adopt more sustainable attitudes. The purpose of Green Dot is to reward those who practice excellence in environmental responsibility.

Although the Green Dot Awards are worthy onto themselves, they are also a consumer guide to excellence in environmentally-sustainable practices. A business with a Green Dot Award is a business that can be trusted by consumers with stewardship of the environment. Recognition from the Green Dot Awards allows businesses to promote their products and services as items that are manufactured and delivered in an environmentally friendly manner.
